Agenda : Elections for Officers

Meeting Minutes:

The club did not have a meeting for the month of October due to the symposium. We would like to thank all of the demonstrators for their time and effort to make the symposium a success. We would also like to thank all of the people that volunteered to setup, tear down, and put the school back in order after the symposium. We would also like to thank Doug Schneider, Scott Burke and all of the students that helped get the auto shop, metal shop, and wood shop cleaned and ready for the symposium.

Treasures Report:

Drew reports that the club has \$ 3174.24 in its account.

From Mark Kurzmack:

Thanks to everyone who helped out at this year's symposium! I hope you all enjoyed it. There will be a brief meeting before the regular meeting to talk about this symposium- what worked, what needs to be changed, what we would like to add next year, etc. If you would like to attend and contribute your ideas, be at CSU at 6:30 before the next meeting on November 6.

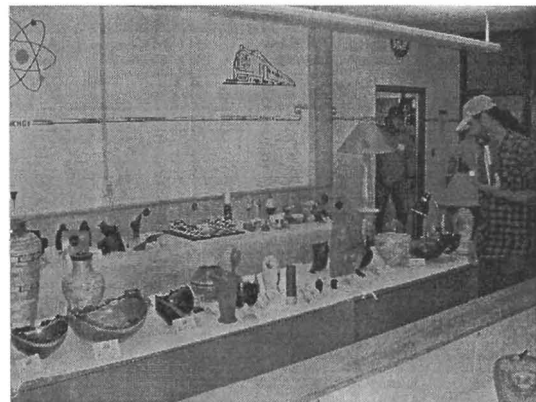

I would like to start training a Coordinator for the 2005 Symposium. If you might be interested call me at (970) 490-2297. Mark Kurzmack

Symposium Report:

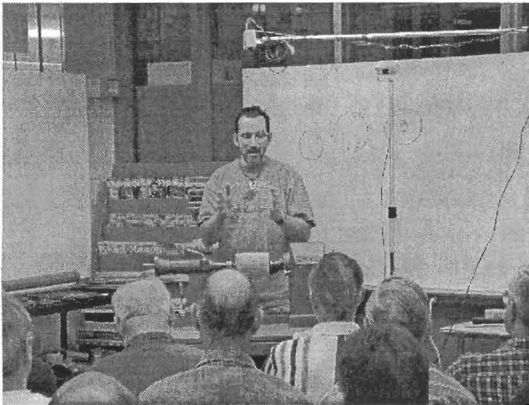

With 42 rotations over two days, this year's symposium had some thing for everyone. This year the symposium had more venders than in years past. With a lot of burls, bowl blanks, wood, and tools there was something for every style of turning.

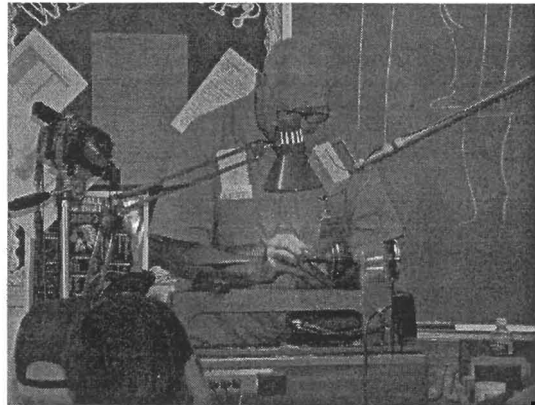

The instant gallery was a big success this year.

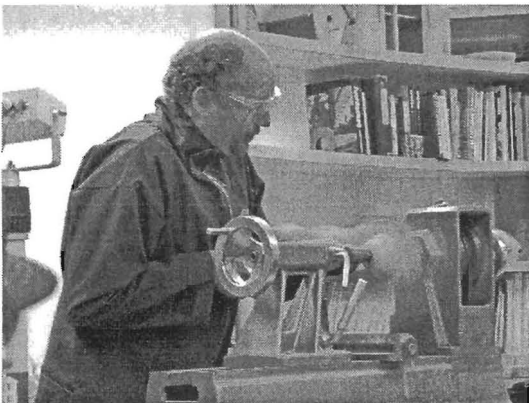

A lot of beautiful work was on display for everyone to admire.

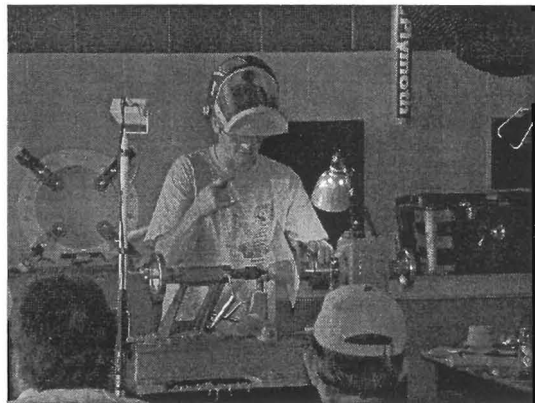

Jacque Vesery discusses his hollow form techniques.

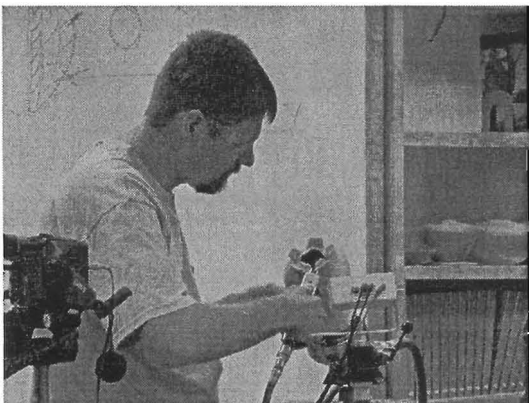

Steve De Jong sands one of his micro turning during his rotation.

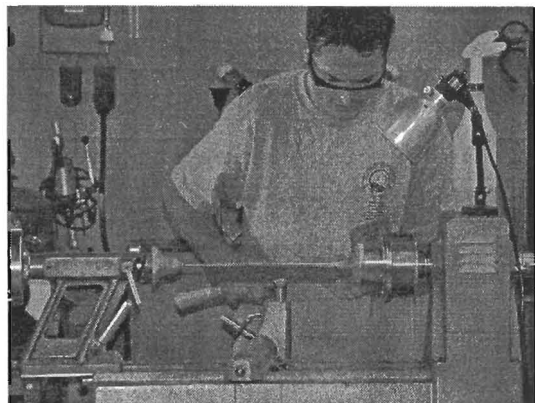

Keith Gotschalls daring demo, turning a double offset bowl.

Stuart Batty explains how to turn a square edge bowl.

Trent Bosch carving one of his illusion vessels

Stuart finishes a two-foot goblet in his demo.

Front Range (F.R.W.T.) Club

President: John Montague
