May 6 - Cindy Drozda

June 10- Dick Branecki

2004 Symposium

September 25 -26

Loveland High School

Cindy Drozda is the demonstrator for the May 6 meeting.

Cindy will make a **Triangular Box**. "This is a multi- spindle-axis box with a finial completely done on the lathe, but its triangular cross section makes it look not turned. A simplified hollowing procedure balances the more involved planning and layout. Skill level: intermediate."

Cindy is a well-known member of RMWT and is a featured demonstrator at clubs and symposiums around the area and the country. Her studio is in Boulder.

Some of her work may be seen in the display at Denver International Airport bridge to Concourse A.

Cindy demonstrated how to turn Banksia Pods and gold leaf inlay in previous appearance at RMWT meetings.

Officers, Directors & Committees

President: Bruce Cohen

MLDAVIS@JYMIS.COM

Daniel Strawn demonstrates at the April meeting.

He "put pants on a leg" or made a "peek-a-boo" leg for one of his extraordinary tables.

Primarily a furniture maker, Daniel turns to enhance the innovative tables and other pieces. He used an old Buck Bros. carbon steel parting tool like a detail gouge, making small, swing cuts to get a smooth surface. His studio, **Arcadia Design**, is in Boulder.

"The material is not worth much, it is the idea, thought and the work that goes into it." "The human element makes art art."

Get you RMWT Tee Shirts Here

T-Shirts with our Rocky Mountain Wood Turners logo will be available at the May meeting.

AUCTION

A feature of each meeting is our Auction
Bring unused tools, wood, magazines, etc.

\$183 went to the treasury in April.

Instant Gallery

Bring one of your pieces and "Show and Tell"
(Participants will get a ticket for the drawing for the \$15 gift certificate to **Wood Emporium**.) Curt Theobald won the April drawing.

May Challenge - A Box ...a hole with a lid.

Serious Critique

President Cohen asked members if there was an interest in a voluntary "serious critique"

A majority indicated an interest. Sooo...
Bruce wants input: Who will do the critique?
Where will the time come from in the agenda?

Stuck?

Next time you get CA glue between your fingers, try acetone or finger nail polish remover. Now they tell me this!

The Shop Mouse Says...

Insanity is doing the same thing and expecting different results.

19TH ANNUAL AAW

National Symposium in Orlando, Florida, July 23-25

AAW Chapter Challenge - The 10" Cube
What can you do with a 10" cube?

Volume 10 No. 5**

June Meeting:

June 3, 7:00 p.m.
Room 105
Industrial Science Building
Colorado State University

Dick Branecki Demonstrator.

Dick is a well traveled former Denver Sheriff and former municipal judge. Don't let this fool you, Dick is a charter member of the club and learned to turn in the Carter class at CSU. He is an accomplished carver as well as turner.

On **June 3** Dick will demonstrate his method of integrating turning and carving.

2004 RMWT Symposium

September 25-26, 2004

Loveland High School

Put this date on your calendar.

Set Up Meeting June 3

Mark Kurzmack, Symposium Chair, invites club members to come at 6:00 p.m. before the June meeting for a **Symposium** preparation meeting. *Come a little early and help out.*

Thank you to Cindy Drozda for her May demonstration. She is GOOD!

T Shirts are available

Drew Drew Nichole tell us the **RMWT LOGO T-Shirts**

Shirts are available to \$15. There are
Light Grey 6 Large 3 X Large

Green 11 Large

New Turning Magazine

Woodturning Design is a new resource for woodturners. The second issue is in store now. \$6.99. Good, direct articles and how to pictures that will assist all levels of woodturning skill. Check it out.

Critique

Club Members who wish to have a turning critique by another club member may submit their piece before the meeting. Up to 5 pieces will be considered.

This is a short, summer version of the RMWT Newsletter. The editor is on vacation.
