MONTHLY MEETING

Thursday, May 16
B.J.'s Custom Cabinets
1713 Willox Ct.
Unit C
Business Meeting 7:00pm
Demonstration 7:30pm

Jon Fosse will demonstrate routed spindle turnings and automated spindle turnings.

Turn a candle holder for the May challenge. As always, your name will be entered in a drawing for a \$25 gift certificate to the Wood Emporium.

Bring an item for the raffle. You will get a free raffle ticket.

If you have woodturning related items you would like to buy, sell or give away give the information, in writing, to Linda Fellion. The club decided publishing these items in the newsletter would be a valuable service to members.

NUTS & BOLTS

Notes from April Meeting

Membership has agreed to move the business meeting to 6:30pm, starting with the June meeting. All members are welcome to attend the business meeting. This change was made so that members interested only in the demonstrations do not have to sit through the business portion before getting to the "good stuff".

The May turning challenge is candle holders.

Several woodturning events are coming up. The AAW Symposium will be in Greensboro, NC June 22, 23, 24. Contact Dave Nittmann if you plan to go. He has found plane tickets for a little over \$300.

Dave also has applications for the symposium at BYU in Provo, Utah. The symposium starts June 6, with check in either the evening of June 5, or morning of June 6. There is going to be a great line up of demonstrators.

The gift certificates Craft Supplies has offered to donate have not been received yet.

COMMITTEE INFORMATION

Treasurer's Report - An additional \$100 was allocated for library purchases. As of the April meeting, the checkbook balance was \$994.30.

Club Library - There were several new additions to the library this month. An updated list will be published in the newsletter as soon as Doug provides a list of new titles.

Program - Bring a portable chair to B.J.'s for the meeting in May, if you feel you will need to sit down. Jon Fosse will be showing us the ins and outs of industrial lathes and production spindle work. Don't forget that the June meeting has been moved to June 13 in order to take advantage of the two presenters, Chris Stot and Ken Sager, who will be in the area.

Wood Exchange - Jim Ferry reported that he is still working on the group in Georgia to get some wood sent to us. His contact there has been very busy.
