## January Meeting Minutes:

The meeting was called to order at 7:10 by president Allen Jensen. There were 38 members present and two guests, Nick and Melinda Meier of Windsor. Mark Kurzmack addressed the club about the symposium this year, on the possibility of a two-day symposium compared to a one day. More big name turners would probly attend for a two day, and the problem of two classes that people want to see that are in the same rotation would be reduced. David Nittmann has an application for an apprenticeship at Arrowmont; anyone interested should contact David as soon as possible. Brian Morgan talked to the members about a Co-op for semi-professional and professional level turners that want to market their work.

---

## Treasurers Report:

The treasurers report was not available at time of print.

---

**February Challenge:** Boxes will be the challenge for February.

---

## Secretary Notice:

All members that have not paid their dues need to do so as soon as possible. We would like to put out a members directory as soon as all the dues are paid. The May meeting will be held on May 15 one week late due to Provo.

---

## Demos:

Dale Kechter asked the members for suggestions for future demos. Some suggestion were segmented turning, sharpening, hollow forms, safety, tool usage, tool making, how to critique work, log usage, how artist get their ideas, marketing, and woodturning as a business. If you have other suggestions for demos, or see one that has been suggested let Dale know. We would like to have demos that people want to see.
